

WEDDING STATIONERY SETS

OUR WEDDING STATIONERY SETS

These three stationery sets: Gold, Silver and Bronze will give you an idea of what is available.

We're happy to provide an estimate for any of the elements you require.

The sets are all based on premium 300-400gsm card stock (white, ivory or cream) produced in black ink, using raised type Thermography on the main invitations (*coloured ink is also available*). The Information Sheets and Reply Cards are flat printed.

So everything is in one place, we supply each set in a Piccolo Press presentation box.

Simply pick which stationery set meets your wedding needs. Let us know, and we'll arrange the rest.

WEDDING STATIONERY: ORDERING

Proofs

Once we receive your order, one of our experienced designers will prepare a proof from your supplied text which will be sent to you via email. You will then have the chance to make any minor alterations before we proceed with printing your stationery.

Delivery

Once your order has been approved and sent to our workshop, printing usually takes 10 working days. Your order is then packed and dispatched via 24 hour courier.
